About us

Most gardeners just mow and blow. Tranquil Gardens Group brings horticultural expertise to every property we look after, from family homes to multi-lot strata schemes.

Every site is overseen by qualified horticulturist Daniel Farquharson. Plants are pruned at the right time, soil is fed for what it needs, and pest, disease and irrigation problems are picked up early, before they become costly.

Who we work with

STRATA & COMMERCIAL

- Owners corporations and strata committees
- Strata managing agents
- Building and facility managers
- Commercial and mixed-use properties

RESIDENTIAL

- Homeowners wanting regular, reliable care
- Families preparing a home for sale or an event
- Landlords and property managers
- Established gardens on larger estates

FOR COMMITTEES AND MANAGING AGENTS

Strata capability

We make grounds care easy for committees and managers.

One point of contact
Dan or his supervisor is your contact for every visit.

Scheduled visits
Weekly, fortnightly or monthly programs, agreed upfront.

Clear communication
We let you know about issues that need a committee decision.

Paperwork ready
ABN and insurance certificate of currency available for your managing agent.

Low disruption
Work planned around residents, with noisy work kept to reasonable hours.

Common areas covered
Entries, driveways, courtyards, verges, boundary hedges and podium planters.

Services

SERVICE	STRATA & COMMERCIAL	RESIDENTIAL
